

# THE HALL

The Great Hall is a large, versatile space located just across from the UOW UniBar entrance, on the other side of the car park. It's the go-to venue for big-name artists, touring acts, and events that need room for bold visuals and high-impact production.

With its high ceilings and open layout, the Hall can comfortably fit up to 2,500 people. It's fully equipped with multiple rigging points, making it easy to hang trusses, lighting, and PA systems to bring large-scale shows to life. Whether it's a concert, live show, or a high-energy event, the Great Hall is built to handle big ideas and bigger crowds.
